Soft skills

Hard skills

Personal Info.

Date of Birth: 1 / 5 / 1993.
Marital status: Single.
Military Service: served.

Objective

Energetic electrical engineer seeking to put proven skills and academic background in work process, my graduation project gave me the enough experience in solar energy field, Electrical contracting works, smart lighting, and programming.

Education

- May 2016 B.Sc. In Electrical Engineering, Faculty of Engineering, Aswan University.
- Graduation project:** design a semi smart hybrid micro grid for a tourist village in MARSALA-ALAM city, this grid consist of two feeders solar energy, and diesel connected synchronously. then distribute this energy using smart methods specially in lighting, then designing a program to facilitate our future design. And to get the perfect design we used NASA database.

Internship Experience

- July-August 2015 Training in Hydro Plants Generation Company (Aswan).
- June-July 2015 Training in Electrical Networks Training Center (Helwan).
- August 2014 Training in the Egyptian Company for Underground Metro (Cairo).
- June-July 2013 Training in El-MASRIA Tele-Communication Company (Luxor).
- July 2013 Training in Egyptian Electricity Transmission Company (Luxor).

Extra Courses

- Solar Energy System design course. (the right way for engineering consultation)
- Classic Control Basics Applications (Jelecom, ain-shams university)
- PLC Basics Applications (MDC Aswan faculty of engineering)
- MATLAB programming (MDC Aswan faculty of engineering)
- Photoshop CS5 Program (MDC Aswan faculty of engineering)

Professional Membership

- Member in Egypt Syndicate of Engineers.

Skills

Computer Skills

- Microsoft Office 2013 – Windows 8 – Internet (Browsers) Advanced Searching and Surfing.
- AutoCAD, DiaLux, editing programs.

Language Skills

- Very Good in English both Written and Spoken.

Extra Activities

- Volunteer in Elseraj Charity Society
- Organizing student activities and scientific trips
